**NOTIFICATION 13-04-2023
(Retaining the days of actual Teaching at the College)**

Reference:

As per the notice no. 47 circulated on 04-03-2023 and notice no. 52 circulated on 14-03-2023, the time table for retaining the days of actual teaching at the College, detailed guidelines were issued.

Ruling:

In this connection in the staff meeting, chaired by the Principal, held on 13-04-2023, Hon. Principal directed to change the system of 8 minutes increment in each lecture and to re-schedule the College on the public holidays and Sundays as directed by the parent University.

Now, therefore, it is directed to maintain the daily routine schedule and time table as per the usual working days and conduct the lectures and the time table as per the following:

Logic:

Working days to be retained: 28

Working days executed regularly: 25

Working days remained to retain (13/04/2023): 03

(i.e. 1080 minutes i. e. 72 minutes daily in next 15 days regular schedule as per the notice no. 52 circulated on 14-03-2023, 72 minutes x 15 days = 1080 minutes)

Therefore, it is required to retain 1080 minutes to complete the schedule as per the University's direction.

1080 minutes means total 18 clock hours, approximately 3 working days of 6 hours daily.

Effective curriculum delivery through a well planned and documented process

The institution has a well-conceived process of curriculum planning and execution under the broad guidelines of SGBA University, Amravati. The college at the beginning of the session constitutes Curricular Committee comprising of 04-05 members representing all the concerned streams. A senior member heads the committee. The committee interacts with the teachers regarding effective ways of curriculum planning and implementation. On the basis of this feedback the committee in its meetings designs different formats to ensure planning of syllabi and its timely and effective execution. The committee ensures the smooth and effective execution of curricular processes through periodic feedbacks from the department-heads. Apart from this on the departmental level the committee ensures that Course Outcomes, Program Specific and Program Outcomes are communicated to the students. The Committee promotes remedial coaching for slow learners to improve their learning outcomes. The committee designs the formats for: a) Teaching-plan b) Teaching –execution c) HoD-Analysis d) Students' Feedback on teaching-learning and evaluation. The committee prepares its annual report based on HoD analysis and the analysis of Students' feedback. The report along with suggestions for improvement if any is submitted to the Principal. The principal discusses the report with IQAC. Letters of suggestions for improvement / commendation for good performance are issued to the concerned faculty members. The faculty members, in response to the letters, ensure the Principal that they would follow suggestive measures to improve the performance.

The institutional hierarchy in this regards is as follows: University Calendar-CDC –Principal-IQAC-Curricular Committee-HoD-Individual Faculty Members.

The whole process is documented on various levels. The individual teachers keep the record of daily teaching along with the monthly teaching plans. For this purpose the committee designs Daily Diary for the teachers. Secondly the formats for teaching execution are filled in regularly by the teachers. The teachers' formats are reviewed by the Curricular committee through respective HoDs. Such reviews ensure effective curriculum delivery through suggestions for corrective measures. Based on the individual teachers' records HoD makes his analysis and submits it to the Committee.
