Subject: Action taken by submission of feedback results from the alumni about the syllabus prospectus of the university under the CBCS Scheme launched by the University in 2022....

Dear Sir,

It is in connection to the Feedback on curriculum received from the Alumni of the College. One of the question related to currently status of the curriculum of the University based with the newly adopted and implemented CBCS system, the theme of the parameters asked is as under:

- Have you gone through and satisfied with the newly launched syllabus under CBCS system?

Alumni Opinion: *totally negative.*

- How would you rate the motivation created by the syllabus under newly launched CBCS system to pursue post graduation / research in the particular topic?

Alumni Opinion: *totally negative.*

After having received and analysed the feedback of Alumni on the currently curriculum, an online meeting was conducted by the College Alumni Cell for detailed views of the alumni about the feedback on curriculum and decided to make the University aware about these views and opinion, the recommendations after the discussion to the University are as under:

Part A] Discussion

1. University declared the newly launched CBCS system in 2022, for the session 2022-23.
2. In this accordance syllabus of UG and PG were prepared and submitted by concerned Board of Studies to the University.

3. University did not take any immediate action and didn't publish the syllabus in due course of time.
4. Session started in the month of June 2022 but syllabus was launched without using legal instruments through the website.
5. The syllabus was not published till the Month of November 2022; all the teachers were in full confusion, what and how to teach?
6. University Academic Calendar for the colleges was disturbed and changed for three times in the session 2022-23, more confused notification regarding academic calendar was recently displayed on 24 February 2023.

Part B] Recommendations

1. It is required to publish the syllabus of full course well in advanced before the start of any course of the University
2. Under special circumstances (not of worth in a system) it is required to publish the syllabus of at least next two semesters well before the start of next semesters in the academic session 2023-24 (probably in the month of May)
3. It is required to maintain the well-planned University academic calendar without having major changes in it.
4. Always think about the students, their mental status and duration of sustaining the lectures while preparing University academic calendar especially for the Colleges

Part C] Request

Dear Sir, please do needful and please convey, if processed like-wise.

Thanking you!

Comments:

- Feedback was collected through Committee prepared google form
- Later, it was suggested and decided by IQAC to collect feedback through web-tabbed mode
- The process of feedback through web-tabbed mode was initiated
- web-based tabs are working

Feedback Outcome/s:

On the basis of feedback analyse, suggestions and recommendations were given to the University on 10-04-2023. Major points are:

1. It is required to publish the syllabus of full course well in advanced before the start of any course of the University
2. Under special circumstances (not of worth in a system) it is required to publish the syllabus of at least next two semesters well before the start of next semesters in the academic session 2023-24 (probably in the month of May)
