

Srimati Narsamma Hirayya Shaikshanik Trust Amravati's  
**Arts, Commerce and Science College, Kiran Nagar, Amravati**

**Governance of the institution is reflective of an effective leadership  
in tune with the vision and mission**

- **Mission**

The mission of this College is to contribute to society through the quest of knowledge by maintaining the highest standard of excellence in every endeavor that we undertake. As an inherent part of our mission we are pledged to impart education in a way that enhances the ability of students to learn throughout life.

- **Vision**

The aim of all human endeavors is to enhance the quality of life through intellectual, emotional, spiritual, physical, aesthetic and social development of the individuals. We believe that this goal can be achieved by creating an atmosphere where every student gets an equal opportunity to realize her/his own dreams.

An institute of higher education has a key role to play in making an individual, realize his core strengths, define his goal and strive systematically by observing the basic human values towards its fulfillment. Such an individual, we believe, whatever s/he does, is an asset to the betterment of our society.

- **Core Values**

As an institution of higher education we have the responsibility towards different stakeholders like students, teachers, parents, employers and the neighbourhood community. We on Narsamma campus have been practicing the certain values sourced from our institutional vision and mission.

- *Honesty & Integrity*

We believe that people who demonstrate honesty and integrity draw others to them because they are trustworthy and dependable.

- *Individual Dignity*

We strongly believe that dignity is the right of a person to be valued and respected.

- *Commitment*

Commitment to one's chosen task is one value that brings people close with mutual trust

- *Excellence*

Striving for excellence in everything we do is an institutional goal for us.

- *Accountability*

Being accountable is the necessary quality that finely differentiates freedom from anarchy

- *Diversity*

We believe that diversity in everything—from thoughts and opinions to ideas and actions—makes us more homogeneous and yet plural in nature.

- *Team Work*

Integrate all stakeholders into a team and foster a culture of unity for common good.

Apart from the education that we impart through academic programs and the process of teaching-learning-evaluation, we at Narsamma campus believes in the notion of life-long learning! So the various co-curricular and extracurricular activities, projects and the programs that we undertake instill among the students the ability to become a lifelong learner. The values like accountability, commitment, belief in individual dignity are inculcated in the students through the programs organized by various internal Cells and Committees. The students are given opportunity to work as responsible members in different committees. The college organizes Memorial days celebrations in the honor of our great saints, social reformers and national leaders. The students under the guidance of extracurricular committees organize these programs as classroom and campus activities. Here the students get to know and understand the human values like Truth, Righteous conduct, Love, Non-Violence and Peace.

The NSS unit of the college undertakes the activities and programs for the welfare and benefit of the community. The students of NSS also undertake awareness rallies and programs for different social and national causes. Similarly several departments have signed MoUs with reputed institutions and organizations. The students get the opportunity to realize their core strengths while through participation of various events. Here the students are exposed to the situations and experiences where their emotional, spiritual and intellectual responses shape their personality.

The cultural activities like performing arts—dance, music, drama—shape the aesthetic and emotional make-up of the young students. The various games, Sports and physical activities make the students understand the strengths and limitations of their bodies.

While undertaking all these activities the Management and the administrators make sure that everybody gets an equal opportunity to realize the dreams and aspirations s/he has.
