

7.2.1 - Two best practices successfully implemented by the Institution

Smt. Narsamma Arts, Commerce and Science College, Kiran Nagar, Amravati

Best Practice 1:

Title: Reuse of Paper – Stationary

Objective:

The aim of this practice was to make the optimum use of the papers partially used by the students. It was also intended to sensitize the stakeholders towards the judicious use of paper as a part of adopting ecologically sustainable practices, especially on the campus of higher education. There are some corollary benefits of the practice including, litter-free campus and a substantial drop towards the expenses of office-printing/writing stationary. The practice also helped spread the legitimacy of the documents on and around the campus printed on partially used paper. It encouraged the students and the staff members to reuse the papers wherever they could do so.

Context:

Every academic year the students of science stream used hundreds of reams of papers to write their assignments and practical-experiments records. Most of the record is written or printed on one side of the paper as mandated by the university. After the mandatory period of record-keeping is over, these partially used papers go waste. In order to arrest this great waste of resources the institute decided to use these papers for printing and writing purposes. In order to make it a structured effort, the responsibility was given to the Department of Computer Science. The Head of Computer Science department worked as a coordinator for this practice. He collects the partially used stationary from all the departments and distributes it to the office and the departments.

The Practice:

Higher education in India is still “paper-centric” at least the assessment and the evaluation practices are concerned. Every year in our college hundreds of reams of paper are used by the students and teachers. In many cases where the students are required to use one side of paper especially in their Computer science practical-experiments record books, the other side remained unused. Such books after the assessments were kept as record for three years. After that, these record-books were either destroyed or sold. In a way it was a waste of both natural resources and money. Secondly being a centre for higher education Environmental Science it was our natural duty to show the world a way for adopting ecologically sustainable practices. On this backdrop it was decided to make reuse of any such partially used papers. For this department of Computer Science was chosen to coordinate this activity as it housed largest number of students. The head, department of Computer Science devised a mechanism

to collect, distribute and keep an account of the usage of “PK” as most of the users called it. “PK” being an acronym for “Path-Kore” “one- side blank paper” in Marathi soon became the unofficial title of the practice. Now every year around 62 reams of PK are reused by the teachers of different departments and the administrative staff for various printing and writing purposes. This way we save around Rs. 15000 on the purchase of the papers. Moreover, we think that in our small way we are making our contribution in reducing the consumption of natural resources. In addition to that we are being able to spread this message of environmentally sustainable practice among the students, the staff and the other stakeholders. Lastly, we hope that other institutes of higher education should also adopt this innovative practice and help reduce our carbon footprint.

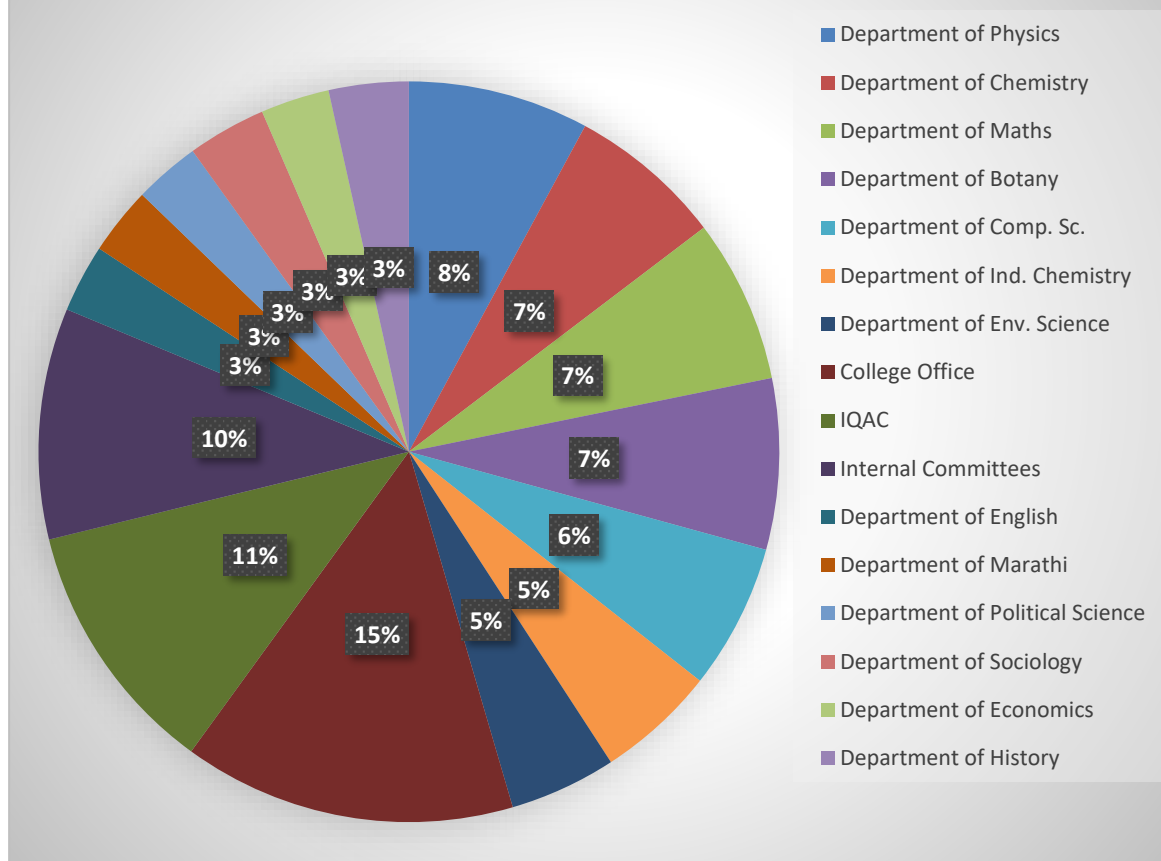

Evidence of Success:

The college has been using “PK” for last 13 years. A systematic auditing has been done for last Eight years. Due to the use of this practice the college saves about 52 reams (more than 31000 pages) costing about 13000/- every year.

Activity Report

Organising Committee: Library and library Advisory committee, Smt. Arts Commerce and Science College, Kiran Nagar, Amravati (MS) -444606

Name of the Activity: Books Exhibition

Objectives:

Reading books is not only limited to academics as they help students grow, evolve, inculcate important values like morality, and empathy, expand their vocabulary, increase social interaction, and most importantly, become good people. This exhibition intended to create an awareness regarding the study material available for Competitive Examinations, MPSC and UPSC Examinations, and other Entrance Examinations like M. Sc., MBA, MCA, JEE, NEET.

The Context:

A book fair is an excellent opportunity to build students' home libraries, further their reading and comprehension skills, and often build knowledge and vocabulary critical for understanding new subject matter. Scholastic Book Fairs serve to promote the habit of reading in Students. By offering students a wide selection of books and related material, we wish to give them an opportunity to read by choice and not by compulsion.

The Practice:

Library and Library Advisory committee of Smt. Narsamma Arts, Commerce & Science College Kirannagar, Amravati has organised three days Book Exhibition programme from 28/12/2021 to 30/12/2021 to feature renowned book sellers and publishers, educational institutions, government publications, and a wide range of books on various subjects in different languages, including English, Marathi, Hindi for guiding the students regarding the study material available for Competitive Examinations, MPSC and UPSC Examinations, and other Entrance Examinations like M. Sc., MBA, MCA, JEE, NEET.

Evidence of Success:

Visitors explored an array of educational resources available for Competitive Examinations, MPSC and UPSC Examinations, and other Entrance Examinations like M. Sc., MBA, MCA, JEE, NEET. The exhibition covered a wide range of books for readers of all ages.

Problems Encountered and Resources Required: Nil

Today, I visited the book exhibition organised by Dept. of Library. I found various informative and engaging titles in the exhibition. I personally bought 3 books. It is indeed a nice book exhibition at college level and essential for students. I wish them best of luck and hope that they will organise such exhibitions very frequently.
