Objectives of the Committee/Cell

The main objective of academic advising is to assist students in their growth and development by constructing meaningful educational plans which are compatible with their life goals. It is a continuous and consistent process which is built upon the basis of frequent, accumulated personal contacts between advisor and advisee (student). Excellent academic programs will not accomplish the desired end result if students are not properly guided and counseled. Thus, academic advising fosters the development of the whole student who is a self-directed, motivated, responsible decision-maker and encourages the successful completion of degree requirements and timely graduation.

Working mechanism/Monitoring Mechanism:

1. Gather information on Job avenues and placements.
2. Organize seminars, workshop to inform students about the emerging trends and jobs.
